

Number Skills Halloween game

Included in this pack

- Halloween Game sheet

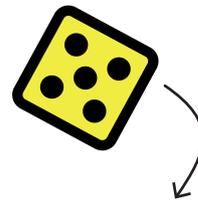

What you'll need

- Colouring pencils
- One six-sided dice

To play:

1. Print the Halloween Game Sheet
2. Roll the dice once to find out the number
3. Copy the dice into the black box or write the number
4. Colour the matching number of Halloween things to the number you rolled.

erie eyeballs

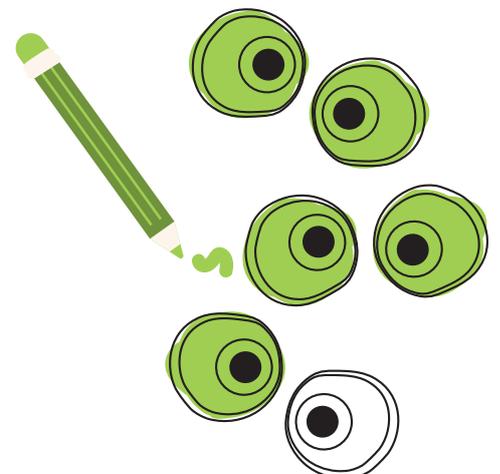

or

erie eyeballs

Another way to play - play with a partner!

1. You roll the dice in secret then make that number of spooky noises for your partner.
2. Your partner colours in the matching number to the number of sound they heard.
3. You check their work - if it's correct - spooktacular! If not, make the same number of noises until they guess correctly.

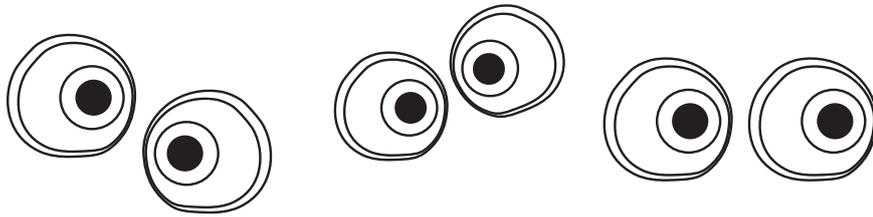

Challenge!

1. Roll the dice twice and add the two numbers together.
2. Colour that many matching Halloween creatures - if you don't have enough to colour, draw that many more!

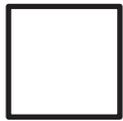

Halloween game

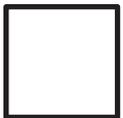

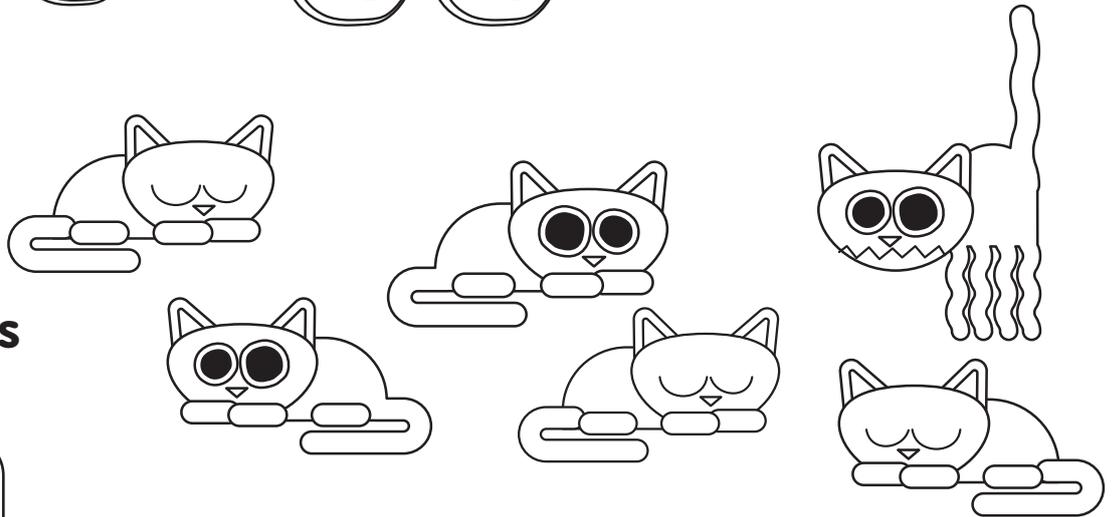

1. Roll the dice.
2. Copy the dice or write the number in the box.
3. Colour the matching number of things to the number on the dice.

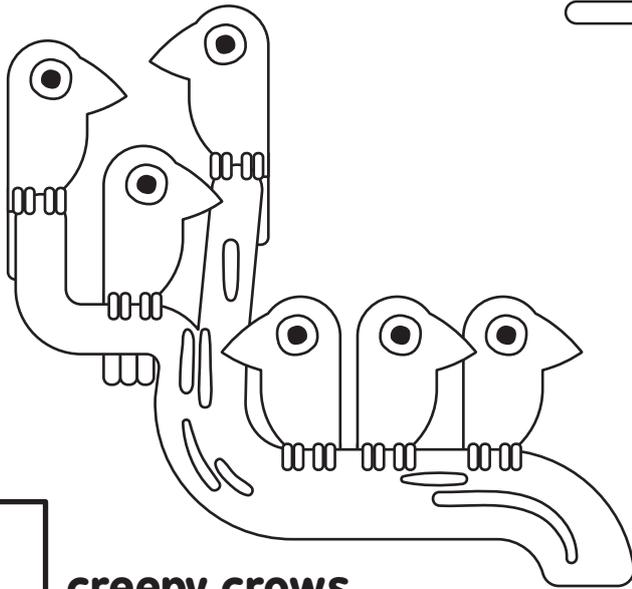

eerie eyeballs

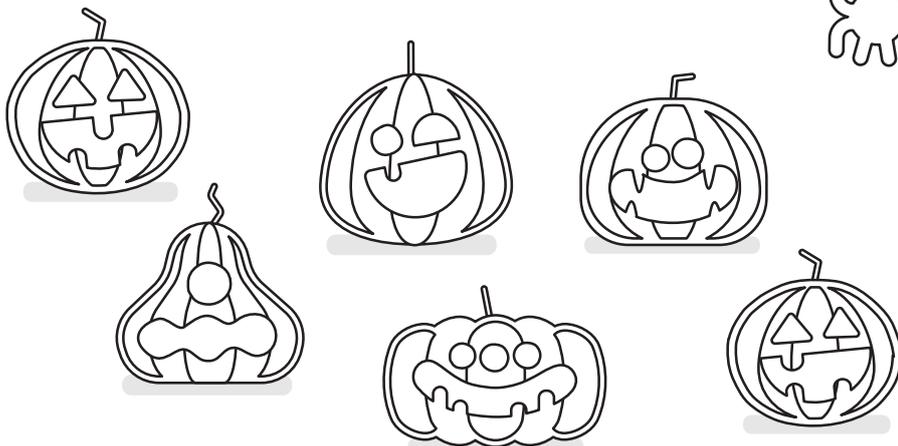

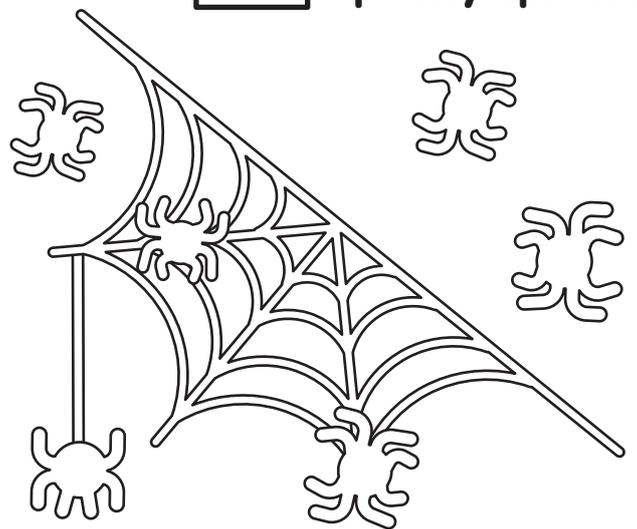

black cats

creepy crows
