

Teach your MONSTER To READ

Thank you for downloading our Teach Your Monster Peg labels!

You can use this for your class's coat pegs or special drawers. Simply print out and write the kids names in the spaces. We recommend laminating them to make them last longer.

There are 16 here, so double-up if you need more labels!

Teacher Tip: We've designed these so that the labels are close together - hopefully this will help to have a quick and easy job at the guillotine! Slice, write and laminate!
